<b>This Isn't the Life I Signed Up For Growth Guide</b> -Donna Partow 2003-03-01 Donna Partow shares stories from her life and solid Bible teaching to show women that no matter how life has disappointed them, God can bring new life and hope where there was destruction, unforgiveness, or suffering. The audiobook, condensed to three hours, is read by the author.
<b>On Course for Murder</b> -Angela Lanyon 2008
<b>With or Without You</b> -Drew Davies 2020-07-31 'Oh my goodness!... I have tears streaming down my cheeks... I have been completely pulled in and unable to put this book down... I'm hugely shocked that this book has brought out such emotion in me... Definitely deserving of five stars.' Little Miss Book Lover 87, ██████ Wendy's life can be neatly divided into two: before and after. Before her husband's car accident, it was just the two of them. They never took the train at rush hour, and they avoided their noisy neighbour upstairs. Naveem devoted his spare time to vintage train models, and Wendy to re-reading the well-thumbed pages of her favourite books. It didn't matter what others thought about their small, quiet life together - they were happy. After the coma, Wendy barely recognises herself. When she's not holding the love of her life's hand, accompanied by the beep of the life-support machine, who is she? The nurse tells her to talk to Naveem - that he can still hear her - but she doesn't have a single thing to say. Suddenly Wendy can't bear the silence. She needs something, anything, to talk to Naveem about. Suddenly she's losing herself at fairgrounds packed with crowds and candyfloss, she's at the airport, waiting for the whoosh of the planes as they take off, making friends with the neighbour she has spent over a decade avoiding. Knowing that every breath her husband takes might be his last, Wendy has no choice but to try to carry on without him. Should she feel guilty about living while his life is on pause? And when - if - he wakes up, will he still love the woman she has become? This poignant, moving and uplifting tale is for anyone who has taken life for granted, neglected to say 'I love you' to their loved ones, or forgotten to find happiness in the little things. Perfect for fans of Josie Silver, Eleanor Oliphant is Completely Fine and Jojo Moyes. Readers absolutely love With or Without You: 'I am a little bit in love with this man and his incredible ability to make me cry my eyes out and then laugh so much I choke on my tea, in the space of a few pages!... A poignant, heartbreaking and heart-warming page turner.' The Ladies Who Read 'It's heartwarming, emotional and a book I have thought about long after I finished it. I really enjoyed this and really recommend it!' Goodreads Reviewer, ██████ 'This beautiful novel has stolen my heart. It's original, poignant, funny and written with an exquisite sensitivity that cuts to the quick... Pure, belly-laugh farce - and yes, I did laugh out loud - but it is also deeply moving. I don't know how he does it, but Davies gets the balance just right... ! And I loved the beautifully delivered messages about life, love, family and friends: the only things that really matter... I'm just going to come right out and say it: Mike Gayle, watch out! There's a new kid on the block.' Hook Me a Book, ██████ 'Incredible... In love... A poignant, heartbreaking and heartwarming page-turner... Makes me cry my eyes out and laugh so much I choke on my tea, in the space of a few pages!' The Ladies Who Read 'I loved this book so much... Thoughtful, funny... Sad, original and charming... This book comes highly recommended!' Goodreads Reviewer 'Wonderful... Drew me in, I laughed, I cried, a totally moving read.' Goodreads Reviewer, ██████ 'I got through this book super quick... I really loved the unexpected twists and turns... Gripping and enticing.' Goodreads Reviewer

<b>Lux and Alby Sign on &amp; Save the Universe</b> -Martin Millar 1999 When Lux the Poet and Alby Starvation, famed inhabitants of South London's least salubrious areas, find themselves thrown together, the fabric of the universe starts to crumble. The arrival of Ruby, with her plans for total domination of the squatting group, leads them into a fantastic (and quite upsetting) adventure featuring beautiful Goddesses, unhappy, plants, sad rocks, and a full scale assault on Nirvana. While Lux figures that his sensational good looks will probably carry him through any crisis, Alby Starvation, dedicated only to protecting his precious comic collection, is very unhappy. The prospect of having an adventure, and maybe even finding a girlfriend, is almost too much to bear. Ruby, a talented woman with an aversion to shoes, is of the opinion that neither ancient Gods nor terrible flatmates should interfere with the important things in life, like taking revenge on her ex-boyfriend. Will Nirvana ever be free? Will the rocks, plants and fairies ever smile again? Will Lux the Poet manage to charm his way to another benefit cheque? Find out in Lux and Alby Sign on and Save the Universe.

<b>Talk is Cheap</b> -James E. Gaskin 2005 Fed up with the high tolls charged by your ordinary telephone service? If you're itching to cut the copper cord with your costly, traditional phone service, you need Talk is Cheap, the new, easy-to-understand guide to understanding and using Voice over Internet Protocol (VoIP) and other Internet telephone options. Technologies such as VoIP are gaining a great deal of attention these days as more people switch from standard telephone service to phone service via the Internet. But while the cost savings are outstanding, there are some issues with Internet telephony that you should know about. Are the connections reliable? Is the quality comparable? Will it include 911 services? James Gaskin's Talk is Cheap addresses these issues and many more by explaining how to make the switch and what the tradeoffs will be if you opt for Internet telephony over traditional phone services. Talk is Cheap focuses on the increasingly popular services from Vonage, which uses VoIP, and Skype—a free service that operates as a peer-to-peer (P2P) network with the ability to turn any PC, Mac, or Pocket PC into a telephone. The book explains your options; explores the background behind, the workings of, and differences between VoIP and P2P networks; and discusses the advantages and drawbacks of both technologies (including service offerings, quality, capabilities, completion rates, and more). Talk is Cheap then goes into detail on what you can expect in Internet service from traditional phone companies such as Verizon and AT&T. In addition, you will learn more advanced techniques, including how to turn your Palm or Pocket PC into an Internet phone and how to work with Wi-Fi phones and videophones. A straightforward, quick introduction to the ins and outs of using Internet telephone services, this book provides everything you need to make informed telephone decisions—whether you're thinking about the switch from traditional phone service or have already made it and want to get the most out of your new Internet telephone.
